

§ 954.308

(C) The HOME investment that is subject to recapture is the HOME assistance that enabled the first homebuyer to buy the dwelling unit. This includes any HOME assistance, whether a direct subsidy to the homebuyer or a construction or development subsidy, that reduced the purchase price from fair market value to an affordable price. The recaptured funds must be used to carry out HOME-eligible activities. If no HOME funds will be subject to recapture, the provisions at § 954.306(a)(3)(i) apply.

(D) Upon recapture of the HOME funds used in a single-family, homebuyer project with two to four units, the affordability period on rental units may be terminated at the discretion of the tribe.

(b) *Rehabilitation not involving purchase.* Housing that is currently owned by a family qualifies as affordable housing only if—

(1) The value of the property, after rehabilitation, does not exceed 95% of the median purchase price for the type of single family housing (1- to 4-family residence, condominium unit, combination manufactured home and lot, or manufactured home lot) for the area as determined by HUD, and which may be appealed in accordance with 24 CFR 203.18b; and

(2) The housing is the principal residence of an owner whose family qualifies as a low-income family at the time HOME funds are committed to the housing.

§ 954.308 Prohibited activities.

(a) HOME funds may not be used to—

(1) Provide a project reserve account for replacements, a project reserve account for unanticipated increases in operating costs, or operating subsidies; except as authorized under § 954.302; (2) Provide nonfederal matching contributions required under any other Federal program;

(3) Provide assistance in connection with programs authorized under part 950 (Indian Housing Programs) of this title;

(4) Provide assistance to eligible low-income housing under part 248 (Prepayment of Low Income Housing Mortgages) of this title; or

24 CFR Ch. IX (4–1–04 Edition)

(5) Provide assistance (other than tenant-based rental assistance or assistance to a homebuyer to acquire housing previously assisted with HOME funds) to a project previously assisted with HOME funds during the period of affordability established by the grantee under § 954.306 or § 954.307. However, additional HOME funds may be committed to a project up to one year after project completion (see § 954.500), but the amount of HOME funds in the project may not exceed the maximum per-unit subsidy amount established under § 954.400.

(b) Grantees may not charge monitoring, servicing and origination fees in HOME-assisted projects. However, grantees may charge nominal application fees (although these fees are not an eligible HOME cost) to project owners to discourage frivolous applications.

The amount of HOME funds that a grantee may invest on a per-unit basis in affordable housing may not exceed the total development cost standard for the area, as issued by HUD under 24 CFR 950.220. These total development cost standards are available from HUD Area ONAPs.

§ 954.401 Property standards.

(a) Housing that is assisted with HOME funds, at a minimum, must meet the housing quality standards in § 882.109 of this title. In addition, housing that is newly constructed or substantially rehabilitated with HOME funds must meet all applicable local codes, rehabilitation standards, ordinances, and zoning ordinances. The grantee must have written standards for rehabilitation. Newly constructed housing must meet the current edition of the Model Energy Code published by the Council of American Building Officials.
